

El Formosa - Taiwan Scenery Project Part 5

1. Introduction

Lanyu airport (RCLY) is the only airport in Lanyu Island. Lanyu, or Orchid Island, is situated off the southeastern coast of Taiwan. The island is inhabited mainly by Tao tribespeople, the most primitive of Taiwan's aborigines, who still retain much of their traditional culture and lifestyle. They call their island “Ponso no Tao”, which means “the island where we live” in Tao language and also implies their rich culture. Based on Tao’s traditional decorated canoes, Lanyu airport has the most special airport building in Taiwan. With Gmax technology, this package provides Lanyu airports with several improvements based on Part1. Require el_formosa_part1.zip.

2. Features

1. For FS2004 Only.
2. Whole new GMAX Lanyu Airport (RCLY), including the special terminal, trucks, parking lots, AFCAD and more. All based on real situation and layout.
3. Add GMAX Lanyu Light Tower and Lanyu weather station. All are precisely located on the island.
4. Add Lanyu Tianchih (a mountain lake) to the scenery.

3. Installation

1. Before installation, please make sure you have correctly installed Taiwan Scenery Part1 previously. This scenery does NOT compatible with default ones. Please download it from AVSIM. (File name is el_formosa_part1.zip)
2. There are two folders in the zip file. They are TaiwanScenery and RCLY. You will see three files in the TaiwanScenery/scenery folder. Add and overwrite them into your Taiwan Scenery Part1 folder, that is, folder TaiwanScenery/scenery.
3. Install RCLY in normal procedure:

- a. Unzip RCLY folder to where you usually install your scenery.
- b. Add this folder to scenery library in FS scenery setting.
- c. Restart FS9

4. DONE!!

4. Tour Guide

RCLY is a VFR only airport. All of the commercial flights takeoff from Fengnin Airport (RCFN). Airlines use such small size commuter as Do228 for these routes. Flight time, usually, takes about half hour between RCFN and RCLY. You can try to find Light Tower when you approach Lanyu, and the weather station and Tianchih are in the middle of the island. Have fun!!

5. Credits

Special thanks to:

LIN for his generosity to allow us to use his great Lanyu texture.

Stephen Legg for his Ford pickup model.

Len Hickman for his scooter model.
